

CSA-07

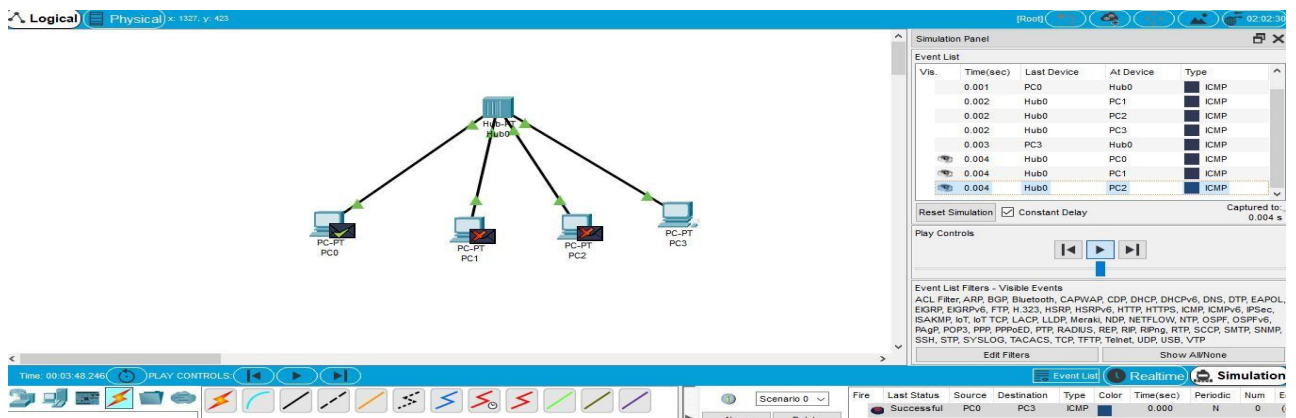

Lab Experiments: 1-5

1. Configuration of Network Devices using Packet Tracer tools (Hub, Switch, Ethernet, Broadcast)

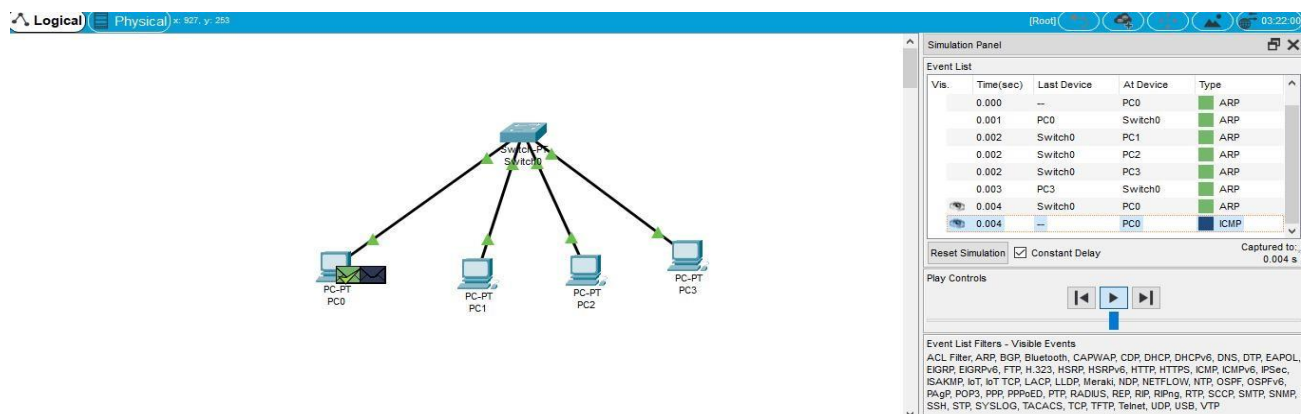

2. Design and Configuration of Star Topologies using Packet Tracer

Star Topology using Hub:

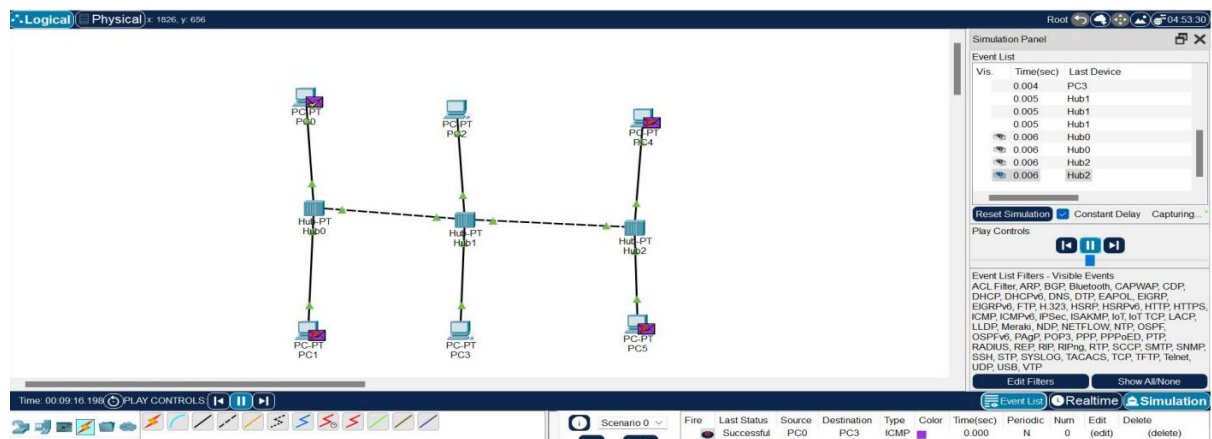

Star Topology using Switch:

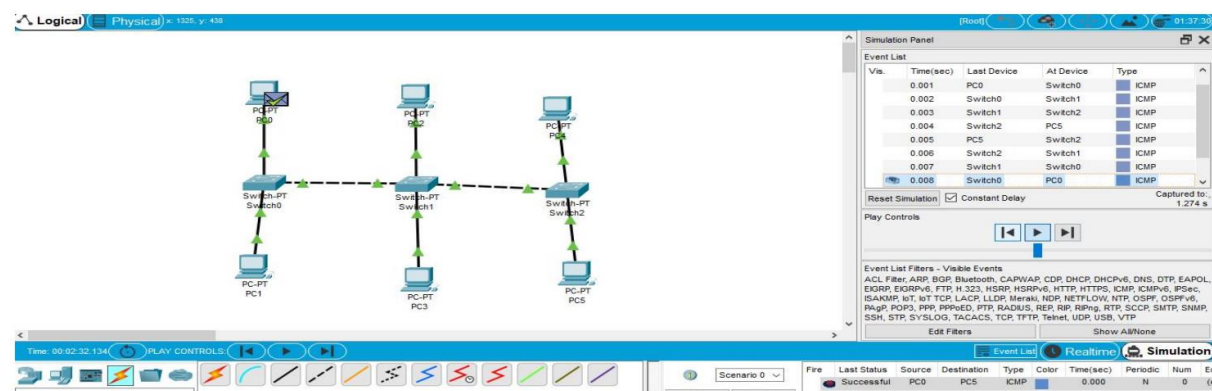

3. Design and Configuration of BUS Topologies using Packet Tracer.

Bus Topology using Hub:

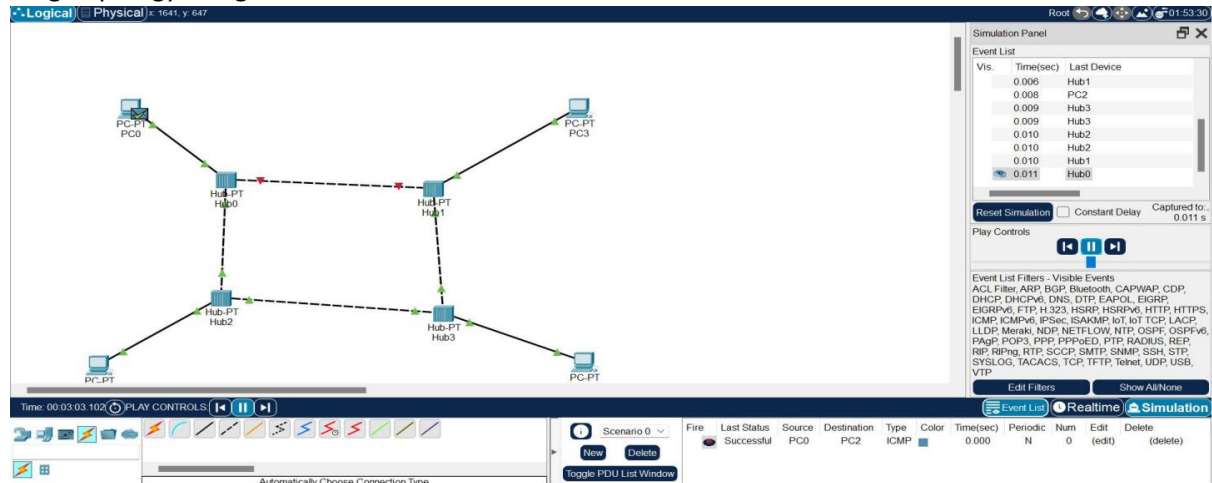

Bus Topology using Switch:

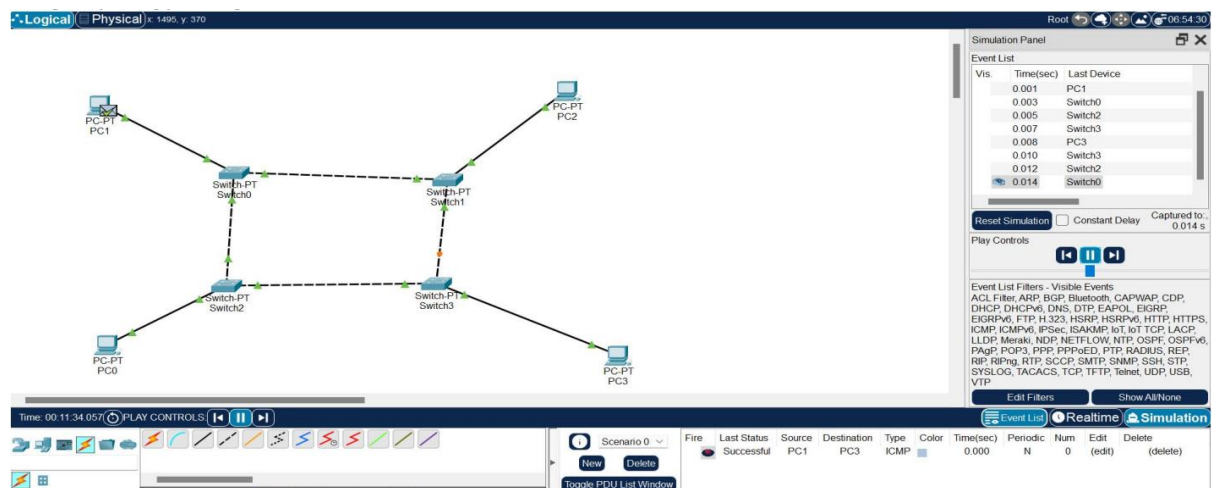

4. Design and Configuration of RING Topologies using Packet Tracer

Ring Topology using Hub:

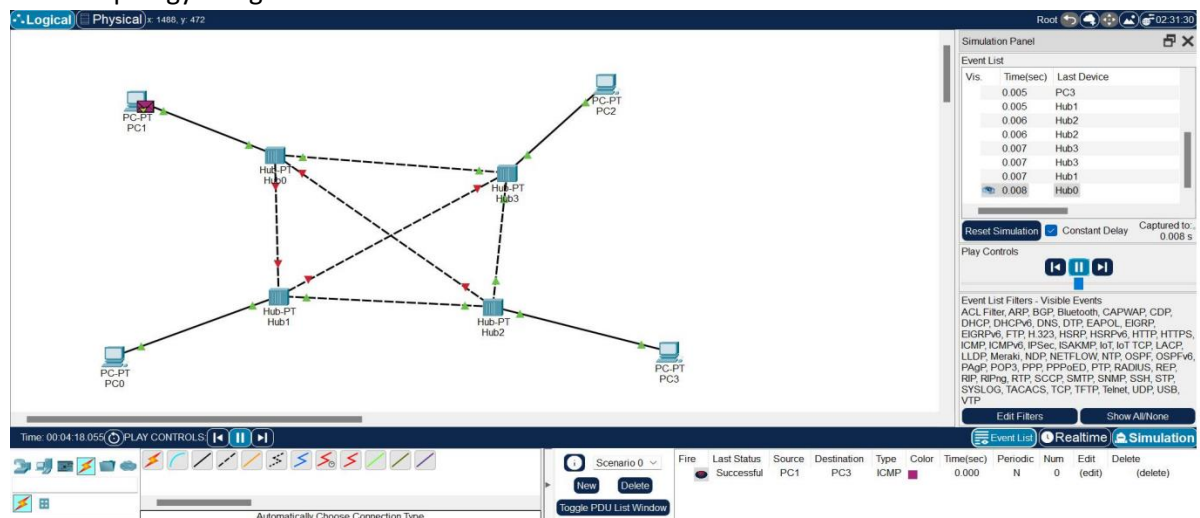

Ring Topology using Switch:

5. Design and Configuration of Mesh Topologies using Packet Tracer

Mesh Topology using Hub:

Mesh Topology using Switch:
